The Year To Be Remembered

"Welcome To The Jungle"

Montreat-Anderson College. It is a home away from home for the many students that not only come from across the United States, but from all over the world. There are many things that make Montreat such a memorable place; the beauty of the mountains, the peace and tranquility of the campus, and most importantly the people that live there. Montreat has a wide diversity of people that come from many different cultures, but they all have one thing in common: a love for Jesus Christ.

Montreat has changed greatly since its opening in 1916. It started out as a

two year college and stayed that way until it became a four year college in 1986. It has seen quite a few presidents, many teachers, and thousands of students come through its gates. But no matter how long or short their stay is, all leave with a fond memory of a place that can be matched nowhere in the world.

Although Montreat-Anderson is still going through many changes even today, it has the consistency of a place that will be around for years to come. And 1993 will truly be the year to be remembered.

"New Kid In Town"

They arrived in flocks. Some of the freshmen were big, some were small, but all were scared, at least a little bit. They came with suitcases, trunks, boxes and every other imaginable object that could be carried. Fortunately, they didn't have to move in all alone. The student leaders were there to help them get settled in and to get them through orientation.

After the work was through, the fun really began. Various activities were set up for the freshmen. There were square dances, walks up Lookout mountain, and even a talent show put on by the upperclassmen and returning students. All and all, Freshman orientation weekend just showed the "new kids in town" that they were not alone and that they already had some friends at Montreat.

The weekend of October 3rd found M-AC overrun by Alumni. Alumni were here to celebrate the 1992 Homecoming. Students were finishing their weekly classes in anticipation of the weekend activities, while M-AC graduates were renewing friendships and catching up on old times.

Friday, October 2nd was the annual square dance. Students and alumni alike gathered to enjoy an evening of good old-fashioned fun with Dean Wilson and the Stoney Creek Boys.

Saturday afternoon was the soccer game. M-AC soundly defeated Piedmont College 4-2. The homecoming court, including Queen Daphanie Bousum and Maid Traci Haynes were presented at halftime.

At 6:00 pm on Saturday, October 3, 1992, Howerton cafeteria was just another place for students to come and gripe about the food. But by ten o'clock that evening, it was the place everybody wanted to be at! Packed from corner to corner with dancers, refreshments, and good ol' partiers, Howerton cafeteria was transformed into something special. The Homecoming dance started at 9:30 pm and lasted well into the night (well, at least until 1:00 am, when the freshman had curfew).

That evening, Daphne Bousum, escorted by Rodney Scott, was crowned Homecoming Queen. Her maid was Traci Haynes, who was escorted by Lionel Wilson. The other candidates for both queen and maid were Paige Averett, Anita Bumgarner, Laura Schultz, Amy Baker, Mindy Coyle, and Lori Conard. All these beautiful ladies truly demonstrated charm and class and gave the Homecoming dance another reason to be treasured by all.

Sure, right!

"Round And Round"

"I Wear My Sunglasses At Night"

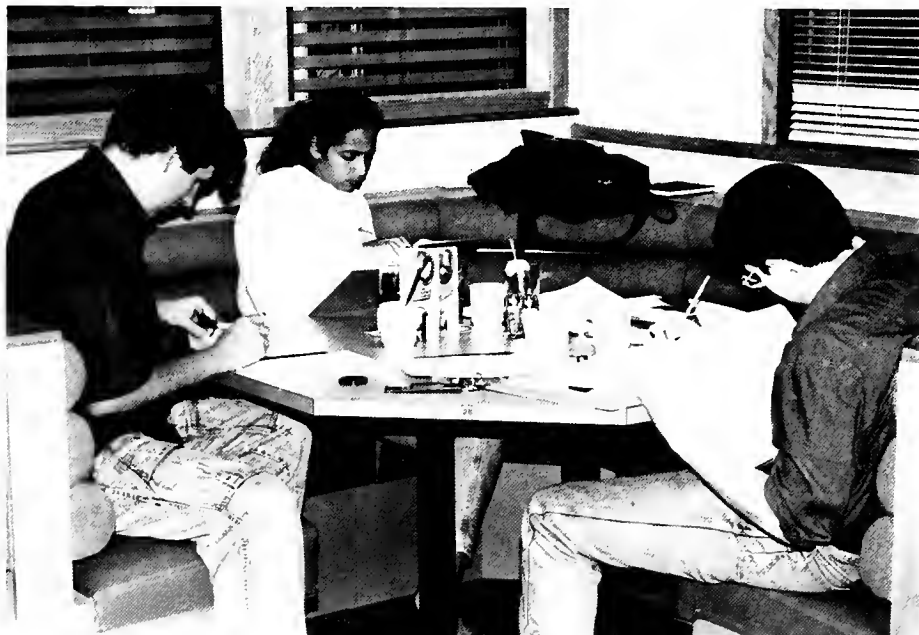

From day one of the first semester, students have been wondering what to do with their time outside of class. You could always study, but very few do. Most spend their time hanging out in their friends rooms yacking about the past day's activities. Others stroll around BCC looking for something interesting. Those lucky few with cars end up in Black Mountain or Asheville. Some people, if they're smart, sleep whenever they have free time. Overall, things are just great here at Montreat. Just think you could have ended up at Warren-Wilson, cleaning a barn in your spare time.

"Cruel Summer"

The summer of 1992 was a time of growing up and a time of survival for a group of students who participated in the 21 day wilderness program called Discovery. This experience raised the spirits of the participants, not only in soul, but in body as well. The participants realized that nature could not all be taught in any of Mr. Sonnenberg's classroom. They did a variety of challenging activities throughout the Western North Carolina Mountains. Some of the activities they participated in were; white water canoeing, rock climbing, repelling and mountain biking. The last days consisted of a time called solo where the participants were on their own with no communication with the group and no food either. The trip home was a 14 mile run down Mount Mitchell into the valley of Montreat.

Festival After Festival

This October, the North Carolina Shakespeare Company came to Montreat and performed the comedy *Two Gentlemen of Verona*. The Company set the play in the "Roaring 20's" around a quaint Italian Cafe. Everyone enjoyed the characters, story and the setting. Before the show, the fun really began with the drama class (and anyone else who wanted to get on Brian Fuller's good side) helping to set up.

Harvest Fest was set in the Dunn pavilion early in November. While the weather was frigid, many Montreaters still gamely tackled the activities. They did basketball freethrows, threw pies at Professors (the professor who had the most pies thrown at them was Dr. Grey), popped balloons with darts, and arrested people! By the day's end, it was clear that the car smash and hot chocolate booth were the two most enjoyed attractions.

No matter what time of year it is, Montreat knows how to have a good time. This year, Davis dorm had it's annual Masquerade Ball on Oct. 31st. Everyone came, dressed in everything under the sun. From babies to trees, the costumes were original and showed everyone's sense of humor.

MA Hall hosted the Hawaiian dance this year. Complete with good music, good food and good people, it was a total success. The limbo contest was the highlight of the evening, but the dancing ran a close second. Everyone had fun and proved again that Montreat knows how to PARTY!!

"Little Miss Can't Be Wrong"

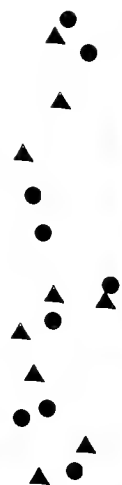

The girls in MA Hall do have a lot of fun. Never ones to sit around, you can find craft nights, movie nights, dances, open dorm, and many other activities. This dorm bustles with energy from early in the morning until the wee hours of the night. Because it is the only women's dorm, the camaraderie is something which can almost be felt. These women come from not only across the United States, but across the world. They come and make MA Hall their home. The friends and relationships made there are lasting. MA Hall is a place where people come in as strangers, but leave as friends.

"Friends In Low Places"

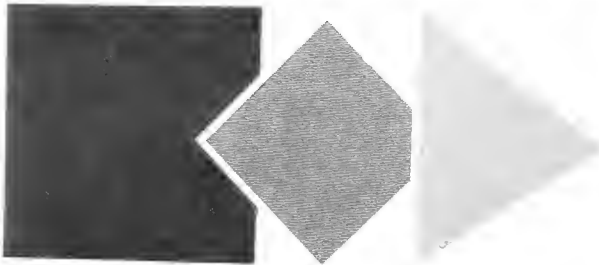

This year there were many changes in Howerton. The first floor was closed down, third floor became just for upperclassmen, and a new resident director was brought in. Roger Istrom, who is also the assistant basketball coach, came into Howerton this year with new ideas and enthusiasm. Together with his R.A.'s, they have worked to make Howerton the dorm with the classiest reputation and the one with the most intelligent people.

"Youth Gone Wild"

For the most part, Davis dorm is a pretty cool place to live. Considering that everyone is coming from totally different parts of the world and totally different lifestyles everybody gets along really well. There were many activities held throughout the year trying to promote dorm unity, from the dorm olympics and cookouts to even a Masquerade Ball. There were many different opinions about dorm life. Greg Whitworth said, "I enjoy waking up every morning with the cleaning lady in the bathroom." Overall, life at Davis Hall is like a dream come true (how could it not be.) "Hey, it could have been worse, we could live in Howerton," states Bud Roberts. All that is left to say is stated perfectly by Tom Hilgers, Resident Director of Davis Hall, "Davis Dorm is the Real Men's Dorm."

1) The real men: Davis Dorm. 2) So sweet and innocent, at least while he's asleep. Right, Dave? 3) The real way Davis boys try to impress women. 4) Chris Roberson looking good as usual. 5) Really Hosie, if you don't want your picture taken just say so. No need to get violent. 6) Everybody at Davis Dorm is an animal.

Examine this page carefully. You may not know alot of these people since they are day students. It may seem, to those who are uninformed, that day students miss out on alot by not living on campus, but in reality they can be just as involved as any on campus student. Most of the student organizations have many off campus students. Yet most of the off campus students have families or jobs, which keeps them busy. So next time when you are in Belk, watch carefully: you'll be surprised at how many of these folks you can spot.

WHEW!!!! A sigh of relief which can be heard around the world echoes from all the seniors at Montreat-Anderson College. After four years of papers, tests and other general irritations they are finally through. No longer do they have to worry about cramming all night for finals or that last minute spell check on the computer. Of course, they will miss all their friends here, but they're ready to get out in the world and show what they've learned. They're ready to prove that the class of 1993 is truly something to be remembered!

"Don't Stop Thinking About Tomorrow"

The purpose of the Student Government Association is to be the much needed link between the students and the administration. Most of the time that job is not as easy as it sounds. "Trying to find out exactly what the students want, then conveying it to the administration in a way they will both understand and accept, is nearly impossible sometimes," says sophomore class president Jeff Reardon. Yet despite all obstacles, everyone involved with SGA has one common goal: to glorify Jesus Christ in all they say and do.

This year many changes have been made through the SGA, most importantly, the passing of the new constitution. Because the old constitution was organized for a two year school, the new constitution was definitely

needed and long overdue. It covered items which before now have been unclear, such as the exact duties of the vice-presidents, and the logistics of school votes. It also brought into light new positions that needed to be added to the SGA, such as Members-at-large for each class. These members were just another link to make the chain between the administration and students stronger.

Under guidance of president Justin Ramb, the student government association has gone to new heights this year. Unafraid to make the changes that had to be made, they took control and made Montreat a better all around place to be.

SGA LEGISLATIVE BRANCH: (back row) Janie King, Ed Heidel, Randy Olson, Scott Pettit, Greg Stienbarger, Cary Wilcox, Tom Hilgers; (middle row) Krista Schroder, Stephanie Harrison, Dottie Berry, Justin Ramb, Jeff Reardon, Naj Alicea, Sara Swinson, Dr. Risher; (front row) Donna Buggs, Heather Ferguson.

The core of the student government: Dottie Berry, secretary; Justin Ramb, president; and Heather Ferguson, vice-president.

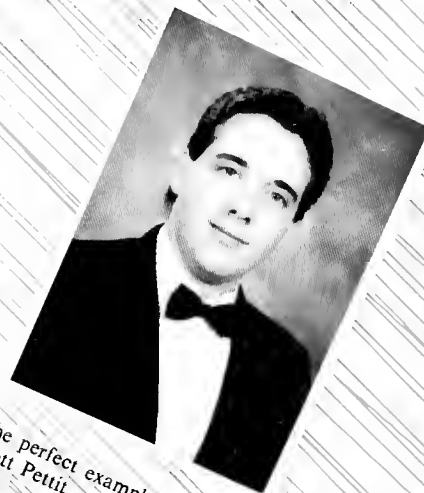

THE PRESIDENTS: Scott Pettit (Honor court), Randy Olson (Junior class), Mark Neil (Senior class), Jeff Reardon (Sophomore class), Greg Stienbarger, (Freshman class), Cary Wilcox (Off-campus students).

" . . . And Justice For All "

The Honor Court is the judicial branch of the Montreat-Anderson student government. It is a court of peers which is set up to hear cases that involve violations of the Honor Code. These cases can have to do with anything from cheating to public display of affection. Each member of the Honor Court is elected by the student body.

This year the Honor Court flowed into action. It's members, under the guidance of president Scott Pettit they kept Jesus in the center of the organization and asked for His wisdom in every decision they made.

"If I Only Had A Brain"

The 1992-1993 school year was the fourth year for the Alpha Chi chapter to be a part of Montreat-Anderson College. This organization is an honor for students who reach high academic standards. The qualifications for being a member of Alpha Chi is as follows: good reputation and character and ranking in the top 10% of the junior and senior class. As always, Alpha Chi is one of the great organizations that makes Montreat the well rounded college it is.

Bob C. aham,
president of Alpha Chi
and Tisa Lewis one of the faculty sponsors.

ALPHA CHI: (Back, back row) Tisa Lewis; (back row) Matt Haney, Mark Neil, Greta Walker, Bob Graham, Dr. Risher; (front row) Kim Trapnell, Pandy Linder, Traci Folk, Ann-Luise Snyder.

"Should've Known Better"

This year is the second year that the Academic quiz bowl has been competing. The team, consisting of four members, are also known as the "academic gods and goddesses of Montreat". They competed this year at two tournaments, one at Lee College. The team surprised a lot of people by coming from a school that not many had heard of, and turning around and doing very well. Hopefully, next year the quiz bowl team will be able to go to even more competitions and make an ever bigger name for themselves.

THE QUIZ BOWL: Kim Trapnell, Naj Alicea, Dr. Risher, Mark Wright, and Jeff Reardon.

"Taking Care Of Business"

The business club is an organization whose primary function is to keep business majors up to date on what is happening in the business world. The club meets various times during the semester and gives out information that students may want to know. This organization also gives business majors a chance to meet and mingle with other business majors. This year senior Cary Willcox was president of the business club. Mr. Kaminer is the faculty sponsor of the business club.

These guys are all business: sponsor Dr. Kaminer and president Cary Willcox.

THE BUSINESS CLUB: (back row) Dr. Kaminer, Matt Haney, Jennie Hinman, Doug Brown, Mike Wallin; (front row) Bob Mwaura, Mark Neil, Cary Willcox, Tracey Job, Max Fall.

"You Make Your Move"

This year an exciting, new organization was added to Montreat: the chess club. The charter members were made up of people who had a plain and simple love for the game of chess. They met once a week to have games among themselves and to learn new moves. In the spring they competed in competitions outside the school. Next year they hope to have a tournament held here at Montreat, with fundings from SGA. Their sponsor Dr. David Hartman is very excited about the club. Says member Matt Haney, "The goal of the Chess club is to provide intellectual stimulation for Christians at Montreat-Anderson College."

The founding founders of the chess club: president Greg Stienbarger and sponsor Dr. Hartman.

THE CHESS CLUB: Matt Haney, Nathan Hazlett, Jason Hamer, Chris Fulbright.

"Just A Little Crazy"

The TNT Adventure club has been in action at Montreat for three years. And action is the key word. The purpose of the TNT club is to enable students and staff to bring a little action into their lives through everything from sky diving to the ropes course. In everything that the adventure club does, finding the awesomeness of Jesus Christ is encouraged. Also, one of the founding principles of the club is to treat all things that God created with care and respect. This club proves that Montreat knows how to have fun while still being responsible.

John Mills president of a club,
scary isn't it?

THE TNT ADVENTURE CLUB: Jennifer Wilson, Naj Alicea, Jeff Reardon, John Mills, Jason Hamer, Norb Brochu.

"Set The Night To Music"

Before last year Koinonia was known as the women's ensemble. But last year many changes were made that carried on to this year. First, was changing of the name of the group from "Women's Ensemble" to "Koinonia" which means fellowship in Greek. Secondly, they became almost independent from the school. Their direction was no longer under Dr. Neil, but under student Karen Campbell. This year with the help of Kristine Buckwalter, Karen Campbell again directed. Also this year, the group became a quartet instead of a sextet. They made many performances and had a great year. Next year, Koinonia plans to continue and be just as strong as ever.

Kristine Buckwalter: beauty and talent too.

KOINONIA: Janie King, Naj Alicea, Jodi Ballard, Karen Campbell.

"Celebration Time"

During the past two years there have been big changes in Celebration. Their name, like Koinonia, has also been updated. They used to be known as the General Assembly Singers, but felt that the name "Celebration" declares much more what they are trying to portray.

Celbration, under the direction of Bob Neil, performed throughout the year. In the fall they went to local churches and were a big part of the Christmas Cantata during the winter. Yet it was in the spring, or spring break in fact, that they made their big statement. For their tour this year they went to Tennessee and Alabama for ten days. They went to many churches and were able to touch lives after their beautiful music.

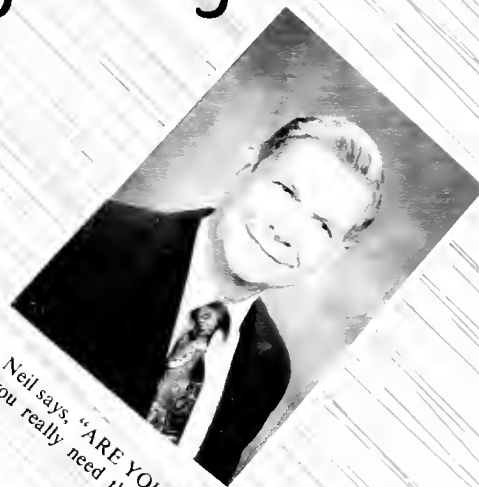

Dr. Neil, the man behind the joy.

"Sing, Sing, Sing"

"ARE YOU GOING TO BE IN CONCERT CHOIR THIS SEMESTER?" The dreaded phrase that anyone at any given moment can hear from Dr. Neil at the beginning of each semester. Not that there is anything wrong with concert choir. In fact, this choir performs multiple times during the semester. They can be seen anywhere from Gaither Chapel to the Veterans hospital. Each year the concert choir becomes stronger and Dr. Neil is extremely proud of the group this year. "WELL, WHAT ABOUT NEXT SEMESTER?"

Dr. Neil says, "ARE YOU
(do you really need the quote
again?)

"Jesus, He Knows Me"

The Fellowship of Christian Athletes is an organization which plans meetings and events which Christians (especially, but not only athletes) can get together. The speakers at these events usually have some sort of sports background which they tie into their testimony. All the meetings are an exciting part of the spiritual life at Montreat.

FCA sponser and assistant basketball coach: Roger Idstrom

FELLOWSHIP OF CHRISTIAN ATHLETES (officers): Todd Starky, Becky Brown, Jennifer Gunsch, and Rob Lewis.

"Stand By Me"

The Student Christian Association is a very strong part of Montreat-Anderson. Under the guidance of the college chaplain Ed Bonner, SCA has really grown this year. David Hartman and Joe Troutman were in charge of Vespers which meets every Sunday night. Vespers is a chance for the students to come and worship. The Student Christian Association's main goal is to open every door possible to Christians and non-Christians alike. SCA gives students the opportunity to learn about our Lord Jesus and His will for our lives.

"We Are The World"

The International club has always been a chance for students from other countries to meet other international students. It gives these students, some of which can not speak English very well, a chance to meet new friends here at Montreat. Mrs. Patsy Hilliard, Spanish teacher and missionary to Spain, is the sponsor of this organization. This year the International club opened its doors to anyone who is an American, but has spent more than a year doing mission work out of the country. Mrs. Hilliard is very exciting about the growth in the International club and hopes to see even more people next year.

"Puttin' On The Ritz"

Ashley Perry, Dean Peteet and Ann-Luise Synder starred in one of the first two productions put on by the Greybeard players in the 1992-1993 school year. *The Freezer* was a short one act play which raised many questions about life and death. The play was set in the future, with sets and sound done by technical director Jennifer Wilson. Student Jennifer Hardman was the proud director of this fine performance.

Death Knocks was put on the same night as *The Freezer*. A lighter comedy, this play showed how one man faced death (a most unlikely character) and won (in a game of gin rummy). Clay Martin and Laura Beth Henry gave wonderful performance of this very charming play. Brian Fuller was the director and Jennifer Wilson was again the technical director.

Steak Night was one of the mainstage productions put on by the Greybeard Players this year. A one act comedy, the political themes and references were very relevant and humorous in this election year. The play starred Jennifer Hardman and Jeff Reardon as the mother and father of a comically dysfunctional family. Their children were played by Phil Parker, Karen Campbell, and Dean Peteet. The entire play was a success for both nights it was put on. Brian Fuller was the hard working and exhausted director and Janie King was his sidekick technical director.

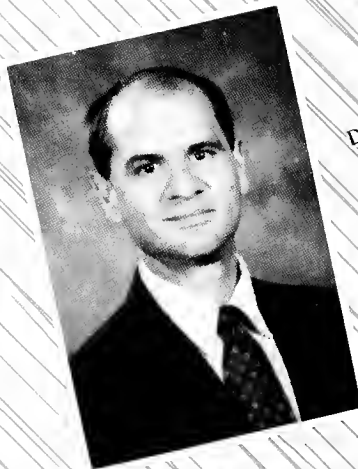

As *Angel's Watch* was performed with *Steak Night* in the fall. This play was much more serious, touching on important topics such as abortion, surrogant motherhood and the value of human life. Although it too was a one act play, it's questions came across loud and clear in this short amount of time. The play starred Naj Alicea, Eric Bush, Rod Steward, and Emi Cabrera. Once again Janie King was the hard working and exhausted technical director and Brian Fuller was her sidekick director.

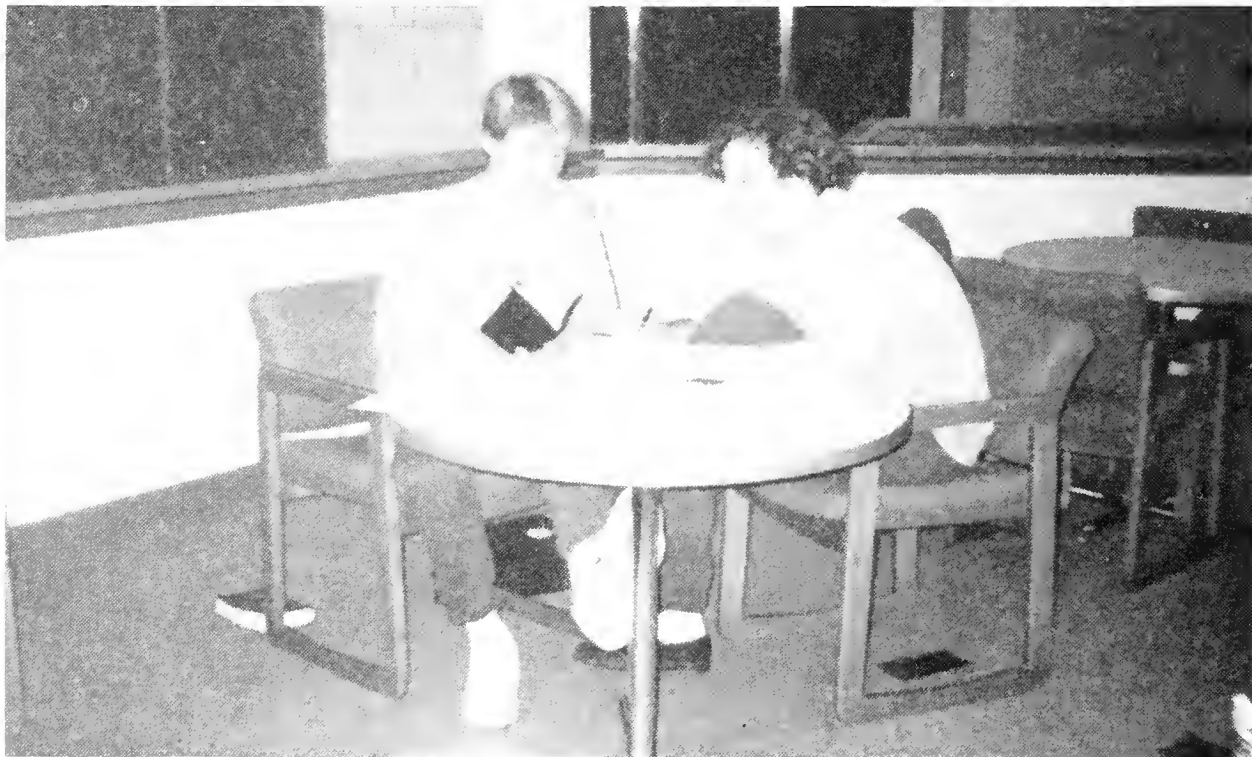

"You Talk Too Much"

Veritas is not a gossip session. Instead, it is a group which gets together to talk and debate about important issues. They choose subjects to have discussions about that are a cause of conflict in our school or society. These debates are very often heated, but never boring. Veritas was started last year and plans are made to continue the organization in the years to come.

"Would I Lie To You"

Like many other clubs and organizations, there have been many changes in the Aletheia this year also. First and most importantly, the school newspaper has come out once a week all year (as opposed to last year when it was distributed once a month). Under guidance of new English professor Brian Fuller, the Aletheia has become much more professional and interesting. Editor Jennifer Gunsch has worked extremely hard this year and has set a high standard for the years to follow.

"Not Enough Time"

Logos is the literary magazine here at Montreat-Anderson College. Karen Campbell, editor in chief, hopes to follow the same pattern as last year's logos which was graded very high in competition. Logos contains not only poetry and prose, but pictures, paintings, photographs and almost all other forms of art imaginable. It consists of entries given by both students and faculty. The staff works hard all year deciding which pieces will go in and then figuring out how to fit them all in the book itself. The job is tough, but this group is definitely capable.

"Let's Go Crazy"

Because we've been up all night typing copy for all the other clubs and organizations, the AGAPE staff would just like to take a second to lay our head down on the keyboard: Ishgfddddd-dyeuoehjf.aslkjskhfhbbbbbb, ah yes that's much better. Anyways, we don't want to write anything else, so goodbye! Just one more thing, at what point does reality totally leave your life? Just come to a yearbook deadline to find out.

The Deadline

Montreat-Anderson Dedication

The ability to serve others is an important characteristic in a follower of Christ. In this day in age of looking out for "number one," it is pretty rare to find an individual to devote his or her time to helping others. Yet, our institution is lucky to have such an individual working for us. Even though there are many people who are selfish in helping others, one person comes to mind every time I think of a servant of God. This person is Tom Hilgers.

When I met him three years ago, Montreat was going through the transition of becoming a four year college. We went through a lot of staff changes and I was skeptical about our college receiving quality people to work for us. Yet, when I first met Tom, there was a certain atmosphere about him that made me feel certain that the college was indeed hiring people whom would be assets to Montreat. This was the case in Tom.

When Tom was hired at M-AC, his job started as being resident director for Davis Hall. After a former Director of Residence Life left, Tom was moved into this position. He also was the Director of Student Life and manger of the Belk Campus Center. Despite the four titles he possessed at one time, he always had time for others. Rarely did I hear complaints from Tom about his extra duties for little pay, but rather, he gave each job 100%. Not too many people would have taken on the tasks that Tom had in each job. Yet it was that quality which made Tom such a dedicated person to this college.

The one thing I appreciated about Tom the most was his ability to discern and understand difficult situations and problems. Many times I would go to Tom with a problem and he would know exactly what to say to help me decide the right road to take in a dilemma.

It is hard to believe this is his last year. I, for one among many others, would like to thank you, Tom. Thank you for holding all of the staff positions that you did and being able to do each job not only efficiently, but excellently. Thanks for all of the great sacrifices which you made for the benefit of the students. But most importantly, thank you for being a friend and a brother in Christ. May God bless you and Jae in all that you do ...

In His Love,
Al Goodman

the year

If you attended a soccer game this fall, you witnessed a marvelous display of footwork. Coach Steve Barrett could be heard all over campus yelling directions to the players. His British accent is recognizable to everyone. Quent Johnson, goalie for the Cavs did an awesome job blocking and catching shot after shot. Mustafa Aksakal was a self made leader of the team and helped in many assists and actual goals. Forward Massamba Fall otherwise known as "Max" was another inspiration to the team. The guys played hard and worked well together. They didn't always come out on top scorewise, but these guys played with their heart and loved the game.

The girls volleyball team had a difficult but rewarding season. Coach Chaplin, also the baseball coach, took over the team this year. He worked hard with these ladies to get them to the skill level they needed to be at for this first year in the NAIA division. The games were tougher, but the Lady Cavs rose to the occasion. Captains Becky Brown and Tracey Haynes led the team with strength and determination. Other strong players were Lori Conard, Amy Baker, and Jennifer Hobbs. Next year, hopefully with many returning players, the volleyball team will be even stronger.

THE WOMENS' BASKETBALL TEAM: (back row) Amy Dill, Jennifer Branham, Carri Lucksavage, Daphnie Bousum, Carol Johnson, Tracey Haynes, Jennifer Hobbs, Dana Staton, Becky Brown, Coach Dana Bostic; (front row) Stephanie Young, Shon Snipes, Alison Swanger, Amy Baker, Lori Conard.

The 1992-1993 Women's basketball team had a busy season this year. These eleven ladies played well over twenty games in the regular season as well as tournaments. Their captains Daphnie Bousum and Alison Swanger were strong players which led the young Cavalier team to many victories. As always the team this year showed tremendous amount of dedication and hard work, practicing hours every day. Their hard work paid off and the Lady Cavs had a great season.

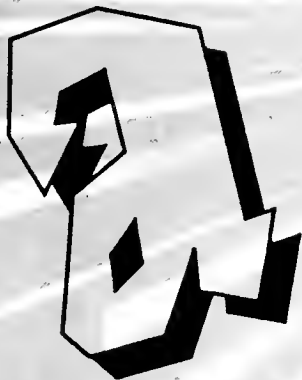

THE BASKETBALL TEAM: (back row) Coach Steve McNamara, Travis Ross, Jason Pettit, Ian Wilson, Todd Starkey, Brian Edwards, Jason Baker, Asst. coach Roger Idstrom; (front row) Jonathan Woody, Aron Gabriel, Kevin Laws, Brad Gabriel, Rodney Scott, Lance McCall, Lance Watson, Mike Bolick.

On the occasion of a home basketball game, Macalister Hall turned into a wild forum of excitement. From the minute of the tip-off to the last shot of the game there was never a dull moment. The caviler student body always made a strong showing at the games. Since there are no actual cheerleaders, the students had to compromise and keep the team going. From Ted Honeycutt's marine bark to Kim Ingles' deafening shrieks the Cav basketball team stayed pumped. It always seemed when there was no hope, players like Rodney Scott or Brian Levering would make some awesome, never before seen shots, and then the Cavs would be right back in the game. Other players such as Aron Gabriel, Kevin Laws and Todd Starkey were hard workers and key contributors. The team came through with flying colors and a heart for the game.

In Philippians 4:13, the Bible says, "I can do all things through Christ who strengthens me." This yearbook has definitely been an example of that. I cannot explain or express the billions and billions of hours of work that has been put into this book. So, before I lose anymore of my mind, let me say thanks to quite a few people. First and foremost, my staff. Nathan and Jason, you were with me all the way. You fought every single all-nighter before each deadline with me. You put up with me when I was about to start throwing furniture, and put a pillow under my head when I just couldn't keep my eyes open anymore. I can honestly say that this book would not be here today without you. I love you both. Daphne, Elizabeth and Heath, you all were just as important. Somehow you always showed up when we needed you most and had some of the most creative ideas Montreat has ever known. I bow and worship the ground you walk on. Oh and Ken, the entire sports section is dedicated to you. I'm sure you understand.

To the seniors and all those who are leaving, with you I send my best wishes and prayers. Just follow your heart and God and everything will be alright. Oh, and brush your teeth three times a day too.

To everyone else who is staying: **VOLUNTEER TO BE ON THE AGAPE STAFF NEXT YEAR!**

Thank you Emi, Jodi and Mark for all the pictures. And most importantly to my gang (you know who you are, B & D and the rest of you): no matter which way this life takes us, we are always together in some way as long as we hold the memories in our hearts. I love you more than words can say. Finally, Kingston: remember Whitney Houston and that Carolina stinks.

God Bless,
Janie King

Changes can come from the power of many,
but only when the many come together to
form that which is invincible . . .
the power of one.
